

Birds and frogs need your help like never before.

They tell us a lot about the health of our wetlands in the Bay of Quinte area and they need our protection.

Join Quinte area naturalist Terry Sprague for his annual *Community Wildlife Monitoring Program* workshop and learn how easy it is to monitor frogs and wetland birds in your favourite marsh!

Two programs from which to choose –
FrogWatch Ontario or the Marsh Monitoring Program.

When: Monday, March 8, 2010

Time: 7:00 p.m. to 9:00 p.m.

Where: Quinte Conservation, 2061 Highway 2,
just 100 metres west of the Wallbridge/Loyalist Road in QuinteWest (Belleville)

For more information contact Terry Sprague at
613-476-5072 or email tsprague@kos.net
or go on-line at www.naturestuff.net or
