

## ORDER TREE SEEDLINGS

Quinte Conservation is taking orders until March 31, 2010 for tree and shrub seedlings for planting in the spring. Any landowner within the Quinte Conservation watersheds may order trees. There is no minimum acreage requirement; however, the minimum order is 100 trees. To order seedlings, you can contact Alana Bancroft at Quinte Conservation at 613-968-3434 or through the website at [quinteconservation.ca](http://quinteconservation.ca).

## CONSERVATION DAY CAMP

When fun comes first, learning comes naturally!

*Pond Study at Quinte Conservation Day Camp*

### EXPERIENCE SUMMER AND EXPLORE NATURE

For over 10 years Quinte Conservation has been offering quality day camp experiences to local youth through summer camp programs. The Conservation Camp program offers children a fun, active and outdoor summer experience at our very own Conservation Areas. There are two great locations; Quinte Conservation Area at 2061 Old Highway 2, near Belleville and Macaulay Mountain Conservation Area, 224 County Road 8, near Picton.

Campers gain knowledge and increased awareness and appreciation of our natural world through hands-on outdoor expeditions,

nature games and crafts, field trips and special visiting guest experts!

The outdoor camp setting and structure provide children with a platform for exploration and discovery while inspiring respect of others and the natural world.

Children 7 to 13 can join in summer fun, exploring and discovering the wonders of the great outdoors in the beautiful outdoor setting of our very own conservation areas. Children must be going into Grade 2 in the fall and be 7 years of age before December 31 of the current year.

### ONLINE REGISTRATION STARTS APRIL 1<sup>st</sup>!

Registration for Conservation Camp starts online April. You must have a valid Visa or MasterCard credit card to register online. If you do not have a credit card, please visit our Quinte Conservation office during business hours, at 2061 Old Highway 2, just west of Wallbridge-Loyalist Road. We will take cash or cheque.

**VISIT QUINTE  
CONSERVATION AT  
THE SUSTAINABLE  
LIVING SYMPOSIUM**

Quinte Conservation will be exhibiting at the Sustainable Living Symposium on March 20 at Loyalist College in Belleville. This event highlights local experts through interactive participant sessions and features over 50 local exhibitors in a Trade Show area.

Local experts will be on hand to show you how to implement earth-friendly and cost-effective solutions such as urban food gardens, energy efficient renovations and reno's for healthier living, renewable energy, new home design, rooftop solar, the feed-in-tariff program, home and business owner incentive programs and more.

Online registration is open now at [www.quintesustainability.ca](http://www.quintesustainability.ca).

## BEAVER MEADOW WILDLIFE MANAGEMENT AREA

This 89 hectare (220 acre) area features a large wetland that harbours wood ducks, osprey and herons. Deciduous woods and a large plantation of wildlife shrubs on the property are excellent for songbirds. Two short hiking trails branch off from the parking lot, each ending at a scenic observation platform overlooking the wetland. Wild ginger, trilliums, baneberry, jack-in-the-pulpit and Indian-pipe are some of the wildflowers that may be found here, along with a mix of deciduous trees including white birch, American beech, black walnut, butternut, shagbark hickory and six species of maples. Quinte Conservation acquired the property in 1970 to be managed for wildlife. Ducks Unlimited also has a dam on this site.

*To get here - Take County Road 10*

*(Lake Street) south from Picton, then turn right onto County Road 11.*

## BECOME A FRIEND OF QUINTE CONSERVATION

Become a Friend of Quinte Conservation and help preserve and protect natural heritage lands in your watersheds.

Your \$25 annual membership includes:

- one year subscription to Ripple Effects, Quinte Conservation's quarterly newsletter
- your dues support improvements to local Conservation Areas
- tax receipt

Having a healthy environment is important to your own life. Healthy forests, lakes and water help to clean your air and make sure that you have enough clean water for all your uses.

As well, you can keep fit by getting outside and participating in some of the great activities available in

your local Conservation Areas. Whether you stroll or are more active, there are a wide range of activities such as hiking, swimming, canoeing, biking, bird watching, and skiing.

**To become a Friend of Quinte Conservation visit our website at [www.quinteconservation.ca](http://www.quinteconservation.ca), call our office at 613-968-3434 or email us at [quinteca@quinteconservation.ca](mailto:quinteca@quinteconservation.ca).**
