## Addendum #1

This addendum has been issued prior to the closing date to provide revisions, clarification or supplemental terms or conditions. All revisions, clarifications or supplemental terms or conditions form part of the bid and contract documents and amends the original bid documents.

The effects of this addendum shall be included in the bid price.

All submitted proposals are required to acknowledge in a prominent location that ALL addendums have been fully accounted for.

1. The below contractors were present at the **mandatory** site visit on Wed, Nov 20, 2024.
  - a. Cliffshore Excavating
  - b. RC Builders Inc.
  - c. Schouten Excavating Inc.
  - d. Strong Bros.
  - e. Tim Donaldson Excavating
  - f. Trilith Contracting
  - g. Wemp & Smith Construction Ltd.
  - h. Westendorp Demolition & Disposal
  
2. Clarification to the watermain capping at the roadway. The water main is equipped with a corporation valve. The valve will need to be exposed, turned off, the line to the garage locally removed and the valve capped. The roadway will need to be reinstated back to its prior state. Traffic Management is expected. The line to the garage is expected to be up to 1”.
  
3. Quinte Conservation will supply and install any required trail closed or rerouted signage. The contractor is to provide any other required warnings to make safe the area.
  
4. Any clean concrete or masonry can be backfilled on site such that the areas natural grades are maintained. Any areas with buried material will be marked on a site plan that will be provided by Quinte Conservation.
